24th January 2013

Dear Jonathan,

**Application to designate a Neighbourhood Area
Town and Country Planning Act 1990
Neighbourhood Planning (General) Regulations 2012**

Please find enclosed an application from Mendlesham Parish Council for the designation of a Neighbourhood Area.

The application is accompanied by a map identifying the area for which the application relates, namely the entire parish area of Mendlesham.

It is considered that the area is appropriate to be designated as a neighbourhood area as the parish is a distinct geographical area, surrounded by open countryside.

Whilst we will maintain a dialogue with adjacent parishes, we do not have any existing shared arrangements or means of working with neighbouring parishes and consider the proposed area for Mendlesham Parish to be more appropriate.

Yours sincerely

**Sharon Jones
Parish Clerk**
